

ABOUT THE TRACK – Geri Dön

Story

"Geri Dön" is a contemporary Afro House instrumental inspired by the timeless composition of Onno Tunç. Rather than recreating the original song, Serkan Çağrı reinterprets its emotional essence through the expressive voice of the Turkish G-Clarinet, blending tradition with modern electronic production.

Inspiration

Inspired by the emotional depth of one of Turkey's most iconic melodies, "Geri Dön" transforms nostalgia into a modern musical journey. Organic percussion, atmospheric textures and the distinctive sound of the Turkish G-Clarinet create a cinematic listening experience.
